Language Study

Language Study continues to be a challenge. There is no easy way! But even with the hard work, it has been an enjoyable ride. The weeks are flying by as this semester nears an end! *We only have 20 more class days...* and then finals week!

We are enjoying our fellow language students who share a passion for Christ and who have a heart for Spanish speaking people. Our classmates represent numerous mission agencies and while most have plans to work in Latin America, several will be working in the States with Latino people.

We also benefit from our professors and the Bible school students here. Rio Grande, being a Spanish Bible Institute, is an amazing crossroads of students and staff from all over the Spanish speaking world. This includes many of the countries from Central and South America as well as Spain and Equatorial Guinea in Africa.

As we make our plans for summer, one prayer request we have is that we would be able to find suitable housing to rent at a reasonable price. The Lord knows what we need and where. It's our desire to have a place that will facilitate ministry for the community, our friends and family.
